NEWSLETTER FOR JANUARY 2018

Dear Parents, Guardians, and Benefactors,

It is time to finish the first half of the school year and it is time to start the second half of the school year. Many people think it is just a continuation of what has been going on, but that is not always true for teachers. Students have reviewed all that needed to be reviewed and started learning so many new things that teachers are just ramping up for the real push of information.

When we return to class in January we will see some big changes in all of the students. We will see how much they have grown physically. Teachers will see how they have emotionally grown and how they are making decisions differently. Teachers will see how much mentally the students have grown. They are working at different levels – “seeing the lights come on” to new ideas and mental challenges.

Many of our students have been with us a long time and we have enjoyed watching them grow and change. To all of our new students we look forward to watching you meet all of the milestones that our school has come to know. It will be a pleasure to watch.

*January also gets us into the winter months. We pray that the weather will be pleasant, but we know that it can also be tough. We are sending out all of our school closings by the alert system. If you have not received any messages this school year, please call the office at 434-2157, as we will want to check the numbers that are in our system. We will also have closings listed on KWCH 12 and on KSN. When possible, we will list them the night before, but if not, they will be listed as early in the morning as possible.

Thank you very much to those whom contributed to the Advent collections. We were able to donate to our local food pantry over 80 items. They were taken up with the offertory on December the 12th. We were able to donate over 60 items to the residents at Red Bud Village. I know this will make their Christmas a little bit brighter. As of the publishing of this newsletter the numbers for the Leukemia Society have not yet been totaled. We know that your blessings will be many and that our donations will help children battling this disease.

Merry Christmas to all and we will see you next year.

Sincerely,

Mrs. Foss
